Request for access to personal data file

Dear Mr Perälä,

I am writing to request all the information to which I am entitled to under section 26 of the Finish Personal Data Act (523/1999) in relation to my use of the WOT-plugin. I have used the WOT-plugin in [web browser] in 2016. I am under the belief that you have collected my personal data (among them: IP-addresses, URLs that identify my person) and that you have transferred it to third parties. As shown by media reports on November 1st you failed to properly anonymize user data.

I hereby request:

- All personal data on me, the origin of that data and the purpose of processing. If information on me has been transferred to third parties please inform me about the whereabouts and contact information of said third parties.
- Furthermore, I ask you not to transfer any of my personal data to third parties.
- Please provide me with the *Description of File* as specified by section 10 (2) of the Personal Data Act

On the backside I have enclosed a photocopy of my ID so that you are able to confirm my person. As not needed for identification purposes all data other than name, address and date of birth has been blacked out.

I understand that under the act, I am entitled to a response in due time and I have marked [Datum] for your reply. I would be grateful if you could confirm in writing that you have received this request.

Sincerely
[Name]
